PDLC Product

see trough when electrified, opaque when electricity out

■ Kualitas dan Karakteristik

	Specifications		
Power	AC100V 50/60Hz		
Power Consumption	When ON (transparent)	Approx. 5W/ m ²	
Response Speed	OFF (opaque) → ON (transparent)	1 second or less	
	ON (transparent) → OFF (opaque)	1 second or less	
Optical Characteristics	Total light transmittance	When ON (transparent)	82%
		When OFF (opaque)	68%
	Haze	When ON (transparent)	5%
		When OFF (opaque)	92%

*Values for the optical characteristics of the sandwich type will vary depending upon the kind of glass used.

**"Total light transmittance" is the reference value for the brightness of light passing through the film.

***"Haze" is the reference value for the film's transparency.

■ Dimensi

- Ukuran Maksimal: W 980mm × H 3000mm
(bisa order custom sampai W 1200mm)

- Sudah dirancang dengan adjuster 1mm baik panjang & lebarnya.
